EDUCATION

Mangalayatan University

Bachelor of Technology (B.Tech), Computer Science Engineering | CGPA: 8.20

Rishikul International School

Class XII (CBSE) | Percentage: 70%

Hanuman Prasad Dhanuka Saraswati Vidya Mandir

Class X (CBSE) | Percentage: 75%

TECHNICAL SKILLS

Programming Languages	C, C++, Java, Python, JavaScript, SQL
Frontend	React.js, Next.js, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap
Backend	Node.js, Express.js, REST APIs
Database	MongoDB, MySQL
Tools & Technologies	Git, GitHub, Postman, JWT Authentication
AI & GenAI	Prompt Engineering, RAG, Vector Embeddings, Semantic Search, AI API Integration
Core Concepts	Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

PROJECTS

AI Learning Assistant

MERN Stack · RAG · Vector Embeddings · Semantic Search · JWT · Groq AI | [GitHub](#) | [Live](#)

- Built a full-stack AI learning platform that turns uploaded PDFs into personalized study material using a custom RAG pipeline (chunking, embeddings, semantic search) for context-aware chat and Q&A.
- Generated AI-powered flashcards, quizzes, and summaries; implemented JWT auth and deployed a scalable MERN architecture (MongoDB Atlas, Vercel, Render).

ChatReact AI

React.js · JavaScript · Tailwind CSS · Groq API | [GitHub](#) | [Live](#)

- Built a responsive AI chatbot delivering real-time, context-aware conversations via the Groq API, with chat history management and dynamic message rendering.
- Designed a mobile-friendly, component-based UI in Tailwind CSS with efficient state management across reusable React components.

OPEN SOURCE EXPERIENCE

- Open Source Connect (OSCG): Ranked 23rd among 5,000+ contributors; resolved issues, implemented features, and fixed bugs on production-level projects via Git/GitHub PR workflows and code reviews.
- GirlScript Summer of Code (GSSoC): Contributed to open-source repositories through issue resolution and feature development alongside maintainers and community contributors.
- Social Summer of Code (SSoC): Participated in collaborative open-source development using standard version control and contribution workflows.

Featured PRs and contribution highlights available on my Portfolio.

DSA AND ACHIEVEMENTS

- Solved 200+ problems on LeetCode (Arrays, Strings, Linked Lists, Trees, Graphs, Recursion, Greedy, DP); current rating 1385 across 5 contests.
- Built and deployed multiple full-stack, AI-integrated MERN applications; consistently ranked among top contributors in major open-source programs.
